Objective

A hard-working college graduate with a BS in Biology at Kent State University and taking Computer Science and Engineering classes at Ohio State. I would like to use my diverse experience and education to get my foot in the door to pursue a career in software and data engineering.

Skills

Object-oriented programming languages (C++, Java, Python, JavaScript, and MATLAB).

Other languages (C, SQL, HTML, and CSS).

Version control (Subversion, GitHub), Junit testing, and Linux/Unix environment.

High level understanding of Microsoft Office/Outlook and Google Docs/Sheets.

Project management and complex problem solving.

Experience

Biorepository Protocol Coordinator   April 2021- Present
Nationwide Children's Hospital   *Columbus, OH*
Project lead for data reconciliation of missing paperwork. Pull and analyze large data reports to find any discrepancies or missing information. Establish and update working standard operating procedures for future training and new policies. Verify data of incoming specimens for clinical testing and non-testing protocols. Assist business operations by working on large invoicing reports.

Medical Lab Assistant   Dec. 2019- April 2021
Nationwide Children's Hospital   *Columbus, OH*
Assist coordinators with verification of various testing and non-testing paperwork. Ensure proper handling and storage of specimens for clinical testing protocols. Ran reports to find discrepancies in specimen tracking software.

Claims Handler   Jan. 2019- Dec. 2019
SafeAuto Insurance   *Columbus, OH*
Work with customers to investigate coverage and liability for auto damage claims. Paid damages as needed. Mentor and point of contact for new hires.

Education

Bachelor of Science: Biology   *Aug. 2013-Dec. 2017*
Kent State University   *Kent, OH*

    GPA: 3.71

    Dean's List Honoree

    President's List Honoree

    Awarded Trustee Scholarship

    Graduated Magna Cum Laude

Non-Degree Seeking: Computer Science and Engineering   *Aug. 2018 - Present*
Ohio State University   *Columbus, OH*

    GPA: 3.60
